

The Juk Visual Programming System

by Mayer Goldberg

June 25, 2009

Abstract

Contents

1	Introduction	2
2	Overview of the System	2
3	Getting Started	2
3.1	The Juk Website	2
3.2	Downloading & Installing	2
3.3	Starting Up the Environment	2
3.4	Configuration	2
3.5	Sharing Juks	2
4	Semantics	2
4.1	Late Binding	2
4.2	Dynamic Typing	2
4.3	Polymorphism	2
4.4	Data-Driven Programming	2
4.5	State & Side-Effects	2
4.6	Dynamic Memory Management	2
4.7	Abstraction	2
5	Programming Style	2
6	The Primitive Juks	2
7	The Standard Juk Library	2
8	Refactoring	2
9	Debugging Juks	2

- 1 Introduction
- 2 Overview of the System
- 3 Getting Started
 - 3.1 The Juk Website
 - 3.2 Downloading & Installing
 - 3.3 Starting Up the Environment
 - 3.4 Configuration
 - 3.5 Sharing Juks
- 4 Semantics
 - 4.1 Late Binding
 - 4.2 Dynamic Typing
 - 4.3 Polymorphism
 - 4.4 Data-Driven Programming
 - 4.5 State & Side-Effects
 - 4.6 Dynamic Memory Management
 - 4.7 Abstraction
- 5 Programming Style
- 6 The Primitive Juks
- 7 The Standard Juk Library
- 8 Refactoring
- 9 Debugging Juks
